COALITION ON HUMAN NEEDS

[The Impact of Sequestration: March 27 - April 3](#)

These are some of the cuts we've learned about this past week: fewer deliveries of meals to seniors, rent to almost double for holders of rental vouchers in Marlborough, Massachusetts and 700 vouchers taken away in New Orleans, K-12 teachers laid off, children dropped from Head Start, their teachers laid off, or their school year cut short, child care cut, and mental health services likely to be cut by 9 percent nationwide.

Read about these and more in this week's [summary](http://www.chn.org/wp-content/uploads/2013/04/march-27-apr-3-final.pdf): <http://www.chn.org/wp-content/uploads/2013/04/march-27-apr-3-final.pdf>
Look at all our weekly summaries, plus 50-state tables and fact sheets, [here](#).

And thanks to the Center for American Progress for compiling local television coverage of sequestration impacts in a brief [video](#).

If you have information about cuts happening in your community or state that are related to the federal "sequestration" cuts, please let us know by contacting Danica Johnson, at djohnson@chn.org

Thanks!
