**Tell Your State Representative:
Close Wasteful Corporate Tax Loopholes!**

UPDATE: WE ARE WINNING! THE HOUSE JUST PASSED OUR CLOSE TAX LOOPHOLES BILL OUT OF COMMITTEE. [HB 390](#) MOVES TO FLOOR (This is the House version of Senate Bill 1159).

We can [end the giveaways](#) that let corporations skip paying their fair share by hiding profits overseas. It's more important than ever. Just yesterday, the New York Times reported that Illinois-based Abbott Labs "lowered its tax bill by arranging for billions in profits to flow to subsidiaries that are technically offshore."

That's the same Abbott Labs that paid CEO Miles White \$25.2 million and made \$5 billion in profits last year—while Illinois was cutting important priorities like health care, public safety and good-paying jobs. Sound fair? [Time to ask your State Representative.](#)

We need you to call and email your state representative. Urge them support HB390 and end wasteful corporate tax loopholes.

Then, call your State Representative via our legislative hotline:

888-912-5959

Tell them: *Support HB390, legislation to end wasteful corporate tax loopholes. These loopholes are unfair, and I am left to pay the tab. I want my income taxes to support schools, health care and paying our bills, not subsidizing big corporations.*
