Subject: Make One Call for Corporate Accountability

More than one hundred leaders from IIRON and the statewide coalition FAIR ECONOMY ILLINOIS will travel to the Illinois Capitol on Wednesday to meet with legislators and urge them to support common-sense solutions to Illinois' revenue crisis - enacting corporate tax transparency and closing corporate tax loopholes.

**EVEN IF YOU CAN'T BE THERE ON WEDNESDAY, YOU CAN HELP MAKE A DIFFERENCE.**

Our leaders will once again call for a meeting on corporate tax accountability with Speaker of the House Michael Madigan, the one man in Springfield who has the power to actually make this happen.

**WILL YOU CALL MICHAEL MADIGAN AND TELL HIM TO MEET WITH FAIR ECONOMY ILLINOIS?**

Let's make sure the Speaker knows that thousands of Illinoisans are calling for large corporations to pay their fair share for schools, healthcare, transportation and other basic needs.

**CALL SPEAKER MADIGAN'S OFFICE AT 217-782-5350 TODAY OR WEDNESDAY.**

**SAY: "My name is \_\_\_\_\_. I'm one of the vast majority of Illinois residents who want large corporations to pay their fair share of taxes. I urge you to support House Bill 3627 and to meet with representatives of FAIR ECONOMY ILLINOIS."**

Thanks for making the call! Please forward this email to your friends and share the message on social media!
